## Tuckerton Elementary School

Mrs. Janet Gangemi  
Superintendent/School Business Administrator

Mrs. Stephanie Wroniuk  
Principal

---

After much consideration and guidance from Governor Murphy we will be closing school effective immediately. The intent of closing school is to promote social distancing and thereby limit the spread of the coronavirus to our highest risk populations. The highest risk populations are our senior citizens and those with underlying health conditions. We fully understand the impact of closing school and have put into place plans that will allow us to continue effectively educating our students. At this time, our plan is to be closed for two weeks (March 16 - March 27) but it is possible that this closure will extend past that time. More specific information will follow to give you guidance as we navigate through these unusual circumstances.

Please note, the school district has sent a school closure plan to the County and is fully prepared for this event. All activities will be closed during this time period. Access to our schools will be limited to essential personnel only. We will continue to communicate with families via ParentSquare, Facebook, Oncourse and district websites. Students are to participate in the learning activities that have been prepared by teachers. If you need access to this information please contact the main office of your child's school.

This proactive decision was made to limit exposure to the Coronavirus outbreak by preventing large gatherings in public places. Along with all schools in Ocean and Burlington County we are taking this action to comply with the recommendations of health experts in the Center for Disease Control (CDC). Currently, Tuckerton Elementary School has no reported Coronavirus cases; we take these recommended actions in the hope of maintaining our current status.

More information will be shared as we receive it. Please check the district website for updates and announcements. Thank you for your support and cooperation during this unprecedented and difficult time.

Mrs. Janet Gangemi  
Superintendent/SBA
